

The Most Important part of any Move is the Preparation.

This is often underestimated by those who want to pack all, or some of it themselves, remember that seldom is it the same vehicle at collection than at delivery,

<https://www.webbs-removals.co.uk/transhipping-between-vehicles/>

For this reason, “Webbs” prepare your home to this Standard at a fair price,

We are not a Company that looks at the cheapest way of Moving anyone, we are the Company that gives, The Very Best Value for Your Money!

Do not underestimate this part of the process, it can be quite daunting, time consuming and yes, it is an art, our Crews are professionals,

The Furniture Ombudsman

As pointed out in the Quotation, the Insurers can only extend liability to goods for “Your declared value if the Mover BOTH packs AND unpacks “

Yes of course your Goods are covered for items you may pack, unpack, but that’s limited liability, 40.00 per item, 100.00 per carton, maximum cover 25K

Therefore, Use the best materials you can get, the materials as listed below are what we use,

Ours have to be of a high standard for the packing and wrapping jobs **we do** and therefore can extend our liability to,

“Webbs” have always had an excellent reputation for its standard of packing and wrapping, this is rarely replicated by other Movers,

Some, whom may well do a very limited “token” wrap of certain items and use Removal Blankets for the balance, remember your home if going via storage, shuttle vehicle required can be handled six to eight times, then if there’s a Customs inspection it’s all got to be identifiable and accountable, simply not possible unless it’s been professionally prepared

Some of the Budget Movers will source, supply,

Cheap quality single wall cartons that easily squash when stacked, that cheap sealing tape that will not stick to the box and then the bottom falls out?,

That’s a false economy,

The Majority of Jobs we carry out receive all the materials as part of the “Webbs” Moving package, that includes any materials you may wish to pack personally,

Now this is what we have in stock June 2021,

For those whom have declined a packing, wrapping service, fancy doing it themselves

You may Purchase these Materials from us,
